

# IBM FileNet P8 Platform Essentials (V5.5.x)

This course introduces you to the key concepts of IBM FileNet P8 Platform such as architecture, P8 domain structures, organizing the content across the enterprise, and security. Includes information to manage logging, auditing, and storage areas.

This course is also available as an SPVC (course code: F2809G) with instructional content, as well as a lab environment where students can work through activities at their own pace.

**Recommended Delivery Method:** Instructor-led/SPVC

**Recommended Duration:** 1 day

**Intended Audience:**

This course is for administrators and users who are responsible for administrating and configuring IBM FileNet P8 Platform.

**Prerequisites:**

- Familiarity with enterprise content management concepts.

**Topics Covered**

Introduction to IBM FileNet P8 Platform

- IBM FileNet P8 Platform features
- IBM FileNet P8 Platform components
- IBM FileNet P8 Platform solutions

Architecture and domain structures

- Explore the core IBM FileNet P8 Platform applications
- Locate P8 domain structures
- Use IBM Content Navigator

Configure logging

- View and archive system logs
- Configure trace logging

Configure auditing

- Create audit definitions
- Prune audit entries

Introduction to IBM FileNet P8 Platform security

- Identify access issues
- Change direct security of an object
- Customize security access

Manage storage areas

- Create a file storage area
- Create a storage policy
- Create an advanced storage area

Introduction to IBM FileNet P8 content services containers

- IBM FileNet P8 content services containers
- Benefits of containers
- Considerations when choosing containers

Organize content across the enterprise

- Multitenancy considerations
- Isolating content in an IBM FileNet P8 platform system

**IBM Analytics and Cloud Education**

**Let Us Help You**

We believe an effective training program reduces the time it takes for users to learn and adopt new technology and will lead to greater satisfaction overall. Whether you choose to attend public training, deliver your own training, take self-paced training, or require customized training that reflects your business, let IBM Analytics and Cloud Education assist you in developing comprehensive and economical training plans to meet these needs.
