Offering Summary

F182 – IBM Enterprise Records 5.1: Automate Declaration

Your company wants to automate records declaration for your IBM Enterprise Records system. In this course, you learn to configure automatic record declaration using two different methods: event subscriptions and workflow.

You work with a fully functioning IBM Enterprise Records system to practice the skills required for automating record declaration.

What you will learn

- Configure an event action for record declaration
- Create an event subscription to automatically declare a record
- Create a workflow that declares a record without user intervention
- Create a workflow subscription to launch a record declaration workflow

Who should take this course

- Anyone who administers an IBM Enterprise Records system

Prerequisites

- IBM FileNet P8 Prerequisite Skills 4.5 (F040) or equivalent experience
- IBM FileNet P8 Administration 4.5 (F042) or equivalent experience
- IBM Enterprise Records 5.1: Core Skills (F178)
- IBM Enterprise Records 5.1: System Configuration (F179)
- IBM Enterprise Records 5.1: System Maintenance (F180)

Objectives

- Acquire the knowledge and skills necessary to automate record declaration on an Enterprise Records system

Course length

1 day
